**Bulletin Attachment:** Last week in the bulletin there was an insert listing ministries for 2021. If you need one sent to you let Pastor Tim know and we can either mail or e-mail one to you. Please turn yours into Pastor Tim after prayerfully considering it over the next several weeks. Let Pastor know if you have a question or concern. Obviously, this is under the assumption that things get back to normal.

**Announcements**

**This afternoon:** Associate Pastor Nathan Dykeman is back and ready for action! Be here at 2pm and catch the next segment on the book of Romans.

**Wednesday, November 18th:** Mitchel Wilson continues his series on Biblical Counseling. Remember we have changed the service time from 6:30 to 8:00.

**Sunday, November 22<sup>nd</sup>:** Nathan Dykeman will resume his teachings but in a new hour at Sunday School at 9:30am.

Due to reasons explained below there will be no afternoon 2pm service for the foreseeable future.

**Website reminder:** The website is a work in progress but is progressing nicely. You will be able to find services, bulletins and much more there as the days go by.

**Note from the Pastor:** I want to thank the church for all of the feedback concerning the Corona Virus. There are some who will not be coming to church no matter what due to the health risks for some time. Some feel we should go to online services immediately, some feel we should keep going with no changes at all, and some have mixed feelings of compromise.

There is no way to please everyone, and perhaps not even half of the congregation. The important thing is to please God. Effective immediately we will cancel the Sunday afternoon service as it is the one that poses the most health risks. If Lyon County rules no gatherings over 10 people at that time we will go to virtual services.
